EDUCATION

Portland State University — Portland, OR
Bachelor of Science in Computer Science — *Sept. 2015 - Present*

EXPERIENCE

CDK Global — Portland, OR
Software Developer Engineer Intern — *June 2017 - Sept 2017*

- **DMS Migrations Dashboard**: DMS(Data Management Systems) Migrations Dashboard retrieved a database from JIRA using MongoDB and displayed sorted and filtered JSON data.
- **CDK Chatbot**: Integrated a Chatbot on CDK Global's website with Microsoft's Azure Bot Service.

Portland State University — Portland, OR
C++ Data Structures Grader — *Sept. 2016 - March 2017*

- **Data Structure Programs Grader**: Used a grading rubric from my manager to troubleshoot student's C++ Data Structure programs using GDB and valgrind. I graded papers and code in this position.

PROGRAMMING SKILLS

- **Languages**: HTML, CSS, Javascript, C++, Java   **Other**: Github, Git, vim, valgrind, GDB, Linux

PROJECTS

- **Bootstrap Portfolio**: An online portfolio on Github that displays my projects.
- **Tri-met App**: Replicated the valid fare screen of the Tri-Met app to better understand the Tri-Met System and application
- **HYPED! Quackcon Hackathon Project**: Multi-platform responsive web app that created small polls and raffles based off the live game the user is in.
- **Scrabble**: A terminal friendly version of Scrabble.

LEADERSHIP

President of Association for Computing Machinery Club — Portland, OR
Portland State University — *Sept. 2016 - June 2017*

President of Super Smash Bros Club — Portland, OR
Portland Community College — *Sept. 2013 - June 2014*
